Help make this fundraiser a success and benefit these service projects!

Backpacks for Kids provides a new backpack with school supplies to public school children in grades K-5 and high school students enrolled in STEP (Students in Transition Empowerment Program) as well as partner agencies.

Born to Read spreads the word about the importance of reading to children by providing a book for baby and literacy information to parents of every newborn delivered at Munson Medical Center, as well as distributing free books to families of young children through community partnerships.

Education for Malawi: since 2016, club members have traveled to the Mangochi District of Malawi to help construct new school facilities and address educational needs. In 2021, we provided bikes for transportation to schools, as well as vocational bicycle repair training for students, and micro-loans for bicycle repair businesses.

Here's how you can help:
