

# GREAT LAKES WATERSHED CLEANUP

Date: Saturday April 22, 2023 (Rain Date April 23)

GREAT LAKES WATERSHED CLEANUP

Target 25% Non-Rotarian Participation

The 3<sup>rd</sup> Annual Rotary **'GREAT LAKES WATERSHED CLEANUP'** is fast approaching. On Saturday April 22, 2023 (EARTH DAY), thousands of Rotarians & Non-Rotarians alike, on both sides of the Canadian and U.S. border will roll up their sleeves to collect refuse along the shoreline, and innumerable waterway tributaries to the Great Lakes basin. This is great example of **'ROTARY IN ACTION'** and brings considerable community attention to the importance of **'ENVIRONMENTAL SUSTAINABILITY'**. Join us for our **'ROTARY DAY OF SERVICE'** – All Welcome
