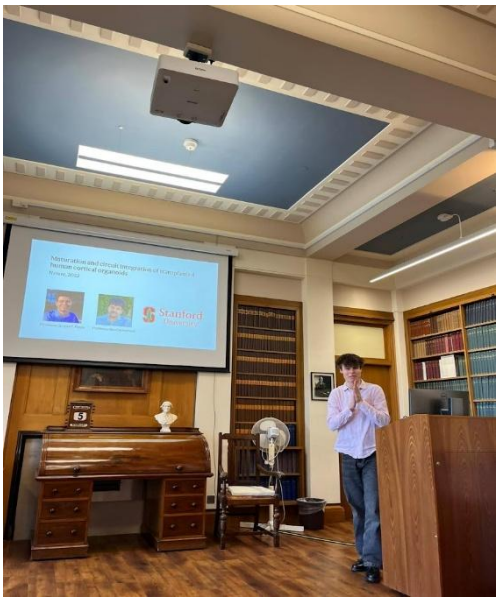
"Ethan's adventures as a Rotary Global Grant Scholar in Oxford"

Ethan's Bio


Hi Rotarians! With the support of the Rotary Foundation and Rotary Clubs around Victoria, I've had the privilege of undertaking the MSc in Neuroscience at the University of Oxford this year. Having just completed my studies, I'm excited to have the opportunity to return to Melbourne, thank you all, and tell you about the incredible year I've had. I'll share the biggest things I learned throughout the year, the research I conducted, and my favourite experiences outside of my studies. I'll also be able to show you how this support from Rotary has opened up new paths for me in the future, and tell you about the next steps in my neuroscience journey. I'm looking forward to seeing you all!
Ethan Newnham
