Weekly Newsflash – Covid-19

2 June 2020

A weekly update during this time of crisis

Like a bridge over troubled water (Simon and Garfunkel)

Let us not kid ourselves - the crisis is far from over, even as we move up through stages of lockdown, the economic impact will be felt for many years to come. While our ability to move around improves, the risks remain and everyone needs to play their part in keeping themselves safe, while helping out wherever they can. As noted below, we have been and are making a huge difference in our response to the crisis – it is just that we are not looking at the entire picture. Look out for the report next week. Well done to everyone for the work you are doing.

Inductions update

As requested by a number of members, I have attached the list at the end of this newsletter together with the name of the incoming president, rsvp details (where provided) and date. Please forward your clubs details as well

Give me the good news....

Saturday 30th June saw 22 clubs and 55 COVID committed Rotarians zoomed into a vibrant COVID seminar where we all learnt about the excellent and varied support that is being provided by so many of our clubs to support those affected by the COVID crisis. It was agreed that the Rand value, type of support and geographic spread of this huge effort needed to be shared and marketed as a single united Rotary D9350 support process and so you are invited to complete the attached COVID Support Survey. Rotarians, Clubs and District PI team can then share this collated information, clubs can learn from one another what is possible, who is doing what, the variety of food vouchers or how to work in partnership with your municipality.

Huge thanks go to Rotaractor Shaun Oberholzer (who is a member of the District PI team), for very speedily putting this first COVID questionnaire together for us so we can get an overview of the COVID work being done in our District

*Please complete the survey by no later than **Friday 5th June** and we will report back in next week's Newsletter with the results. We will also be putting together press releases and articles that every club can use in their communications and on their website*

NB: The PI committee will be phoning any club that has not replied by 5th June to get your COVID support details, as we really do want to get 100% club response to this survey to be able to share with all.

So please simplify our lives and complete it by the 5th June so you can ensure that your club's hard work is accurately included in the overall survey results!!

The survey link is attached here: <https://bit.ly/3cmwYDW> (One per club please!)

Please click to complete it

Our Virtual Assembly and Conference

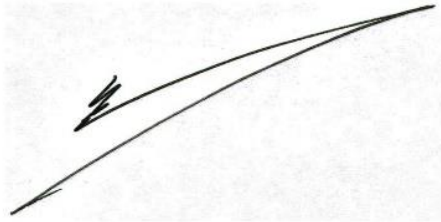

A reminder of the virtual assembly on **Saturday 6 June 2020** from 9am. The program has been circulated separately.

The virtual conference will be on **Saturday 20 June 2020** from 9am till 3pm, and will then go into the opening of the virtual convention until 4.15pm. A program will be circulated next week

Please stay safe, stay connected and let's keep up the great work!

Yours in Rotary

DG David

Inductions: Please send me your details as they become available

Date/Club	Incoming President	Time	RSVP to:	RSVP Date
13 June
